

CAR TRAFFIC

Down and Could Not Be Moved For
Several Hours.

Street car traffic was blockaded for several hours Thursday afternoon. On the south end of the line, Mr. Charles Ramsey's automobile broke down and it was some time before it could be removed. The machine came in Main street off of Lexington avenue. Just as it turned the corner, the axle broke and let it down on the track.

On the north end of the line a furniture wagon containing a lot of household goods from Mt. Sterling broke down and it was several hours before it could be moved.

CEREMONY IS
INTERCEPTEDOfficer Rushes to the Altar to Pre-
vent Marriage of Thirteen-Year-
Old Girl.

MAYSVILLE, Ky., Nov. 25.—Just as Rev. B. F. Chatham was in the act of pronouncing Mr. Thomas Gilbert and Miss Alleen Alexander, both of Rome, O., man and wife, Tuesday evening at the county clerk's office, an officer rushed in and stopped the ceremony, stating the bride-to-be was only thirteen years old and was under age. The young couple had eloped from their home in Ohio and came here to get married, but the father of the young Miss telephoned to Chief Ort to stop the marriage. Miss Alexander was taken in charge by the police chief and held until Wednesday when her father came and took her back home. The youthful couple's disappointment was shown in copious tears after the ceremony was interrupted, and as they were leaving the clerk's office young Gilbert said: "Don't cry Alleen, the day is coming."

In order to procure the necessary license the bride managed in some way to secure a long skirt which was worn over her short dress.

FIGHT AGAINST
PRESIDENT DIAZContinued By Francisco I. Madero
Who is Leading the Revolutionary
Movement in Mexico.

SAN ANTONIO, Texas, Nov. 25.—Francisco I. Madero, who is leading the revolution in Mexico, completed his plans in relation to the present outbreak after his arrival in this city October 7. He left here on November 18 and crossed the Rio Grande to his own ranch in Mexico Sunday, November 20, where he took command of six hundred men. Upon his arrival in San Antonio last month he was surrounded by revolutionary forces, although he disclaimed warlike intentions until he left the city.

Madero was met here by Juan San-

chez Azcoena, former member of the Mexican Congress, who is also a brother-in-law of Juan D. Casasus, former Ambassador to the United States, and by Enrique Bordez Mangel, an orator for the anti-Diaz party in Mexico. Azcoena is a graduate of Harvard University.

Madero showed himself rarely and claimed to be opening a campaign for the presidency six years hence.

He has close friends here and was enabled to purchase a large quantity of arms and ammunition, this fact not being known until after the revolution broke out. The Madero estates of Coahuila extend many miles along the Mexican side.

During his operations here Madero talked freely of his opposition to the Diaz regime, but denied complicity with the revolutionary junta.

The Madera family is the wealthiest in Northern Mexico. The leading banks in that section are controlled by the Maderos and their ability to raise ready money is said to be great. The loyalty of other members of the family has never been questioned with the exception of the father and brothers of Francisco. The vast resources of this branch of the family are supposed to be available for the use of the leader in the present outbreak.

CLERKS REMOVED
FROM SERVICERemoves are Result of Gross Irreg-
ularities in the Weighing of News-
paper Mails.

WASHINGTON, D. C., Nov. 25.—Postmaster General Hitchcock Wednesday ordered the removal from the postoffice service of Edward F. Blodgett, Superintendent of Stations, and of James F. Norton and S. S. F. Giles, clerks, all in the Atlanta postoffice, as a result of gross irregularities in the weighing of newspaper mails.

The Department announced that a general investigation of the methods of weighing second class matter is now being conducted by the inspectors. Because of inefficiency, the Superintendent of the Railway Mail Service at Atlanta, L. M. Terrell, was transferred by the Postmaster General's order to a minor place in the service. Superintendent G. W. Pepper, of the railway mail division, having headquarters at Cleveland, probably will be assigned to Atlanta to succeed Terrell.

Clyde M. Reed, Superintendent of the Division of Railway Adjustments in the Postoffice Department, was sent to Cleveland to take the place of Superintendent Pepper.

The evidence obtained in the investigation at Atlanta has been submitted to the Department of Justice, which will determine the question of prosecution.

EXAMINING TRIAL
OF ADAM RHEILWho is Charged With Attempting to
Poison his Parents, is Held in Cyn-
thiana.

CYNTHIANA, Ky., Nov. 25.—The examining trial of Adam Rheil, charged with attempting to poison his father and mother, Mr. and Mrs. Joe Rheil, which was held before County Judge King Wednesday morning, resulted in the judge holding Rheil over to the grand jury at the February term of the Harrison county Circuit court and his bond was placed at \$1,000. The evidence showed that young Rheil purchased the poison, saying it was for a neighbor, who wanted to kill some rats. The poison, which was strychnine, was purchased at a local drug store. Mr. and Mrs. Rheil, father and mother of the boy, were made sick from drinking water from a cistern and an analysis of the water showed it contained strychnine. The poison was put in the cistern at night and judging from the quantity of it that was found on the top of the cistern and on the pump, the person who did it was in a hurry. The parents accuse the boy of the attempt to kill and declare his motive was to get them out of the way so that he would come into possession of his part of his father's estate. The elder Rheil is worth \$40,000 or \$50,000. Young Rheil is about 30 years of age, is married and has two children.

Thinking she had killed it, she walked up to it, and as she was about to lean over it the deer jumped up and struck at her with its fore feet, knocking her down. She recovered herself before it could get up again and not daring to take time to reload, she took the butt of the gun and beat it on the head.

The doe, enraged, retaliated and it seemed for a time as if the plucky girl hunter would have to make a run for it. She got in one good smash over the deer's eyes, however, and although the rifle was shattered to bits, the doe wilted, and Miss Halvorson, with the dexterity of an old-time hunter, cut its throat.

The animal tipped the scales at 150 pounds.

RENDERS VERDICT
FOR PLAINTIFFSGives Damages For \$10,000 Against
Amos and Bennett and Dismisses
Suit As to Mitchell.

PADUCAH, Ky., Nov. 25.—After two hours' deliberation the jury in the \$50,000 damage suit of C. W. Rucker, of Metropolis, Ill., formerly police judge in Eddyville, Ky., against Dr. David Amos, A. L. Mitchell and Wallie Bennett, alleged night riders, returned a verdict in the United States Court Tuesday afternoon for \$10,000 damages against Amos and Bennett and dismissed the suit as to Mitchell. Originally there were 150 defendants, but Judge Evans dismissed, on peremptory instructions, all but the trio named.

On the night of February 15, 1908, Judge Rucker was whipped by alleged night riders, and he claimed his health was injured permanently. Neither Amos nor Bennett was present at the trial. Mrs. Laura Toomey, daughter of Judge Rucker, has a similar suit pending against the same defendants.

The two suits of A. H. Carlin against William Neal, another alleged night rider, and L. M. Wood against Dr. Amos and other alleged night riders for \$25,000 damages each, were dismissed for lack of proof. The \$25,000 suit of Maggie Seruggs against Dr. E. Champion and other alleged night riders was continued.

Following is the pathetic letter written by Miss Cline to her mother: "He has not kept his promise. He has not married me, although he promises day after day. I am beginning to fear, dearest mother, that I have made a terrible mistake. I have thought over it, and now I cry all the time. Last night I cried all night. I fear there is only one way for me now to expiate the mistake. I have always feared death, much the same as I was frightened in the dark when I was a little girl. But now death is the brightest object in my life. I am going to end my miserable existence with a bullet, if he does not make things right by marrying me. God will know. Go, do too merciful to punish a poor blighted thing who seeks to make reparation by her own death. And those at home will know I meant well, and was not bad from choice. They will know that my body is in the graveyard near home, and that I expiated my mistake. Mother, pray for me, for if my marriage is not to be had within a few hours I must go where there are no tears."

CUT OUT TOBACCO

Owen county is a large producer of tobacco, and what is true of Owen county is equally true of any other tobacco producing section. To show the sentiment on the tobacco situation, the Owen county Democrat prints what follows:

"On account of the failure of the pool which was caused by the failing to get into the pool enough of the 1909 crop the price has gone too low to encourage production. Already many of our farmers who own land have expressed a determination to cut out the crop and many will raise it only to cultivate a few corners to clean the farm and to give themselves employment during odd times. Many

WINCHESTER LUMBER & MANUFACTURING CO.

of the farmers in our county have gotten to the point that they do not have to raise the weed as they are out of debt and will put their farms in grass and will raise what they eat and live easy.

"The buyers who promised to buy the tobacco in Missouri and other States are failing to keep their promise since they can buy the crop in Kentucky so low and it serves their purpose so much better. So those who have built farms in other States and engaged in the business of growing tobacco will quit and cut out tobacco growing entirely. The upper counties cannot afford to quit raising stock and grow tobacco at the present low prices and the tobacco crop will be curtailed in the blue grass. Farmers have realized that it does not pay to fear the farms up and grow tobacco and depend upon buying everything else.

The feed for man and beast shipped into this country each year for several years has been enormous and this added to the cost of grass seed and the wear and tear of the soil has done much to teach our farmers that too much tobacco does not pay, hence more attention will be paid to fine stock and poultry and to the raising of things necessary for family consumption. Therefore we are led to believe that Owen county will raise less tobacco in 1911 than it has for years."

LOVELY COMPLEXION

A CLEAR SKIN AND BRIGHT EYES ARE EASY TO GET.

Beauty creams in creation will improve your complexion if your stomach is out of order.

Belching of gas and heartburn means bad food in the stomach. Bad food means bad blood and bad blood means a bad complexion.

Try MI-O-NA stomach tablets for stomach misery, biliousness, dizziness and indigestion. They relieve in a few minutes; they make rich, red blood. They are guaranteed by Phillips to cure or money back.

Read what a Kansas woman says: "I had been doctoring a year for stomach trouble and found nothing that did as much good as MI-O-NA. I only have the second box and they have relieved all pain in my stomach. For stomach trouble or indigestion MI-O-NA can't be beaten. MI-O-NA has done a world of good for me when doctors failed."—Mrs. Cordelia B. Mann, 207 E. 11th St., Junction City, Kans.

MI-O-NA stomach tablets are sold by Phillips and druggists everywhere for 50 cents a large box. Test samples free from Booth's MI-o-na, Buffalo, N. Y.

True Economy.

The success of this store is built on quality, on the class of trade who realize true economy is a matter of values rather than prices, that the buying of "cheap garments," cheaply made, is false economy. We never studied quality more carefully than in our selections of Fall Suits, Skirts and Waists. It is a charming assortment of prices absolutely the lowest for the values they represent.

Strictly Reliable Furs

THERE IS MORE TO BE CONSIDERED than price in selecting furs. Quality, style, workmanship and refined appearance are factors that should be critically considered before you decide. In buying here you are sure of the utmost possible value, as every piece we show is the best of its kind, and comparison will demonstrate that our prices, in every instance, are lower than equivalent grades can be bought anywhere else in this country. We have now ready for inspection all the fashionable models in fur neckpieces, muffs, small furs and novelties of all kinds, in vogue this season.

The Selection of Your Suit Made Easy.

The selection of your fall and winter suit is a problem easily solved with a stock as large and varied in design as ours.

We fully appreciate that it is a perplexing task to make such a selection, and this knowledge, as well as a desire to give our patrons a selection of the VERY HIGHEST QUALITY and range of pattern, has led us to secure a fall stock of suits of exceptional beauty and quality.

Our suits offer the opportunity to select garments of the highest quality of the most DISTINCTIVE STYLISH EFFECTS IN FABRICS at once beautiful and serviceable.

TELLS YOU HOW

TO CURE A COLD

Surely Breaks the Most Severe Cold and Ends Grippe Misery in Just a Few Hours.

The most effective and harmless way to cure the Grippe or break a severe cold, either in the head, chest, back, stomach or limbs, is a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel the cold breaking and all grippe symptoms going after the very first dose. It promptly relieves the most miserable neuralgia pains, headache, dizziness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, soreness, stiffness and rheumatic aching.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery

as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

After three years' research we have conclusively demonstrated that quinine is not effective in the treatment of colds or grippe.

ALREADY BUSY.

Do You Ever Think What An Influence

Good clothes have in the general appearance and looks of a community? We hear something now and then about "city styles"; meaning the kind of clothes worn by men in large cities; but, as a matter of fact, "city styles" can just as well be worn, and often are worn, on the farm.

The presence of a large percentage of well-dressed men in any town gives it a look which nothing else can give. Good looking buildings, skyscrapers or otherwise, don't count for half as much in the tone of a town as a lot of well-dressed people.

Hart Schaffner & Marx

clothes are the sort of clothes that contribute to that air of "class"; and we feel that we're doing this community a lot of good by bringing these clothes here and supplying them at the prices we ask, to the men who want good clothes.

Young men especially will find us prepared to supply their demands for special, snappy, young styles. We have the 'Varsity and the Shape-maker; the former being one of the most famous of clothes-styles; the latter an entirely new idea in clothes-making, especially designed for young men, but certain to be worn by many older men for its comfort and style.

The new fabrics are especially fine; browns, tans, grays, blues; the Hart Schaffner & Marx line offers a greater variety than any half dozen lines in the country; you'll find plenty of patterns to please you.

THE STORE THAT SAVES YOU MONEY.

The Knock-out Blow

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Sudden punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but to the stomach we are utterly indifferent, until disease finds the solar plexus and knocks us out.

Make your stomach sound and strong by the use of Doctor Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures weak stomach, indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol—pure, triple-refined glycerine being used instead.

It's foolish and often dangerous to experiment with new or but slightly tested medicines—sometimes urged upon the afflicted as "just as good" or better than "Golden Medical Discovery." The dishonest dealer sometimes insists that he knows what the proffered substitute is made of, but you don't and it is decidedly for your interest that you should know what you are taking into your stomach and system expecting it to act as a curative. To him its only a difference of profit. Therefore, insist on having Dr. Pierce's Golden Medical Discovery. If not promptly supplied trade elsewhere.

Send 31 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages, cloth-bound. Address Dr. Pierce as above. Dr. Pierce's Pleasant Pellets regulate and strengthen Stomach, Liver and Bowels.

FROM ROUND ABOUT.

If all Kentuckians would lay aside politics for a time and talk for better roads, better school house and a more equitable system of taxation some good might result from it.—Georgetown Times.

Messrs. C. E. Mills and D. E.

Yount of the U. S. Geological Survey are at Maysville making a survey for a new Topographical map which Uncle Sam is making of the country. This morning they were at work in Court street and were relocating "sea-level" bearings, which show the same old mark on the State National Bank corner to be 520 feet above sea level.—Maysville Ledger.

Owing to the dry weather no tobacco of this year's growth has been delivered. The farmers and growers would like to get their tobacco stripped and delivered. The buyers have not been buying much of late, but are ready to receive what they have purchased as soon as the weather will permit.—Fleming Gazette.

The idea of Rankin even thinking of contesting the seat of Congressman Cantrell in the Seventh is silly. It is claimed he intends bringing out the old score that buried Senator Thomas in his race against the Congressman, viz: the capitol site mud-die, in which it was claimed Cantrell got a nice sum for his vote.—Richmond Climax.

As only fourteen football players have been killed this season, the new rules seem to be amply vindicated.—Lexington Herald.

The editor is neither blessed with capital or time enough to go bird hunting, but if he had just what will be wasted at the poor birds up to January 1, 1911, he would never speak to another newspaper man.—Morehead Mountaineer.

INDIGESTION GOES IN FIVE MINUTES

Heartburn, Gas, Dyspepsia and Other Stomach Misery Vanishes Before You Realize It.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch Gas and Eructate sour, undigested food, or have a feeling of Dizziness Heartburn, Fullness, Nausea, Bad Taste in mouth and stomach headache—this is Indigestion.

A full case of Pape's Diapepsin costs only 50 cents and will thoroughly cure your out-of-order stomach, and leave, sufficient about the house in case some one else in the family may suffer from stomach trouble or Indigestion.

Ask your pharmacist to show you the formula plainly printed on these 50-cent cases, then you will understand why Dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or Indigestion in five minutes. Diapepsin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for Biliousness or Constipation.

This city will have many Diapepsin cures, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for Indigestion or Gastritis or any other Stomach misery.

Get some now, this minute, and forever rid yourself of Stomach Trouble and Indigestion.
